

泛太平洋航線運費調整通知  
**General Rate Increase (GRI) and Peak Season Surcharge (PSS)  
for Trans-Pacific Trade**

尊敬的客戶：

2011 下半年，世界經濟趨於放緩，並存在諸多不確定性

在燃油價格持續升高 加上經濟景氣低靡的情況下，亞洲 - 美西航線 因為運價偏低多數船公司還是貼錢營運。為了可以讓虧損金額降低，許多船公司已經減少從亞洲開往美國的艙位，並採取與其他船公司併艙的方式載貨。今年累計船公司已經撤掉 14 條航線。在市場供給艙位急速降低情況下，每年在農曆年前亞洲各港都有傳統性的艙位難求現象，因此各家船公司將會在近期內徵收 燃油附加費 和 旺季附加費。

船公司將從今年 12/1/2011 起，開始徵收旺季附加費，並延長徵收至 1/31/2012  
大多數船公司都將會有燃油附加費 和 旺季附加費，但其徵收的費用各家標準不一

船公司估計農曆年前，有機會出現出一波載貨熱潮，並出現爆艙現象。  
我司在此呼籲各商家 應提早向船運代理鎖定艙位以確保準時交貨。

歡迎各商家向我們的業務部門查詢相關費用和最新消息，Tel: 909-839-7420，Email: [marketing@unipacshipping.com](mailto:marketing@unipacshipping.com)

**Dear Valued Customers :**

Although the world economy is currently in a slow recovery stage, the second half of this year still contains many uncertainties.

As you might know, with the ever-rising oil prices and slow economy, many steamship lines are still operating at a loss. In an effort to reduce their losses, many steamship lines are reducing the number of sailings from Asia to USA, and are participating in joint ventures with other steamship lines. Even with fewer sailings, an increasing demand on space towards the end of the year and low shipping prices, steamship lines have already cancelled 14 sailings during past few months.

Due to the above conditions, steamship lines have decided to implement GRI (General Rate Increases) and PSS (Peak Season Surcharges). The GRI and PSS will have different effective dates, and the amounts will vary with different steamship lines, as well. They expect a shortage of containers and space lasting through the peak season, and it is projected that this will create a significantly higher demand for container bookings.

This early announcement of the GRI and PSS implementation will allow our valued customers to plan ahead; so we can schedule as much of your cargo movement as possible, to avoid any cargo delay.

You are welcome to contact us at Tel: 909-839-7420, Email: [marketing@unipacshipping.com](mailto:marketing@unipacshipping.com), for more information and rates.
